NIGHT QUEST

DJ Technical Advance

90 Minutes And Up / Belize And International Bookings

Set Format	DJ sets of 90 minutes or longer. Confirm the date, set time, duration and musical direction for the event.
Players	3-4 Denon or Pioneer DJ players preferred. Confirm the exact models and available deck count before the show.
Mixer	Any suitable DJ mixer. Confirm its model, available channels and connections for the agreed number of players.
USB Playback	Night Quest brings a USB drive. Confirm library and USB playback compatibility with the agreed player models in advance.
Booth Monitoring	Booth monitors are not essential. Confirm booth layout and monitor availability during the advance.
Belize Equipment	Available for local bookings by arrangement: 2 x Denon SC6000 players and an Allen & Heath Xone:92 analog mixer. This package has two players; any additional decks and equipment provision are agreed separately.

Advance With The Promoter

Confirm load-in and soundcheck access, set time and duration, player and mixer models, equipment provider, and an on-site technical contact.

Artist fee, travel, accommodation and equipment provision are agreed for each booking. This sheet records preferences; final arrangements are confirmed in the booking advance.
